

Remodeling or rebuilding?

*Save money and
the environment*

City of Highland Park
Waste Reduction Program

Every year large amounts of perfectly good building materials go into landfills.

Many of these materials can be salvaged for reuse. You can help save scarce space in our landfills and may save money in the process.

Salvaged materials can be sold or donated and taken as a tax deduction. Your disposal costs may also be reduced.

Department of Community Development

Building Division

1150 Half Day
Highland Park, IL 60035
Phone: (847)432-0808
Fax: (847)926-8885

Examples of salvageable materials

Plumbing fixtures
Appliances
Kitchen and bathroom cabinets
Fencing
Windows and doors
Mantels and trim
Countertops
Light fixtures
Brick and stone
Even plants!

Several local organizations handle salvaged materials

Habitat for Humanity ReStore Program

Non-profit agency that constructs affordable housing. Call the ReStore/Business Manager at (847)623-1020 ext.122 to describe the items you have and arrange for a possible pickup.
www.habitatlc.org.

Murco Recycling Enterprises, Inc.

Private company specializing in demolition auctions.
(708)352-4111. www.murco.net.

Architectural Artifacts
